Timken Completes Acquisition of Rollon Group

NORTH CANTON, Ohio, Sept. 18, 2018 /PRNewswire/ -- The Timken Company (NYSE:TKR; www.timken.com), a global leader in engineered bearings and power transmission products, today announced that it has completed the previously announced acquisition of Rollon Group, a leader in engineered linear motion products. Rollon specializes in the design and manufacture of engineered linear guides, telescopic rails and linear actuators used in a wide range of industries such as passenger rail, aerospace, packaging and logistics, medical and automation.

Rollon is headquartered near Milan, Italy, and has manufacturing operations in Italy, Germany and the United States. The company employs approximately 600 people and boasts an extensive sales and engineering network around the world to serve its global customer base.
